DRIZIT oil absorbent socks

Darcy oil absorbent socks contain highly absorbent Drizit material. These oil absorbent socks are ideal for creating a barrier around machinery to prevent the spread of an oil spill or to skim the oil off the water surface

- Absorb oil only, no waste on water or in rain**
 - Will not allow liquid to spread**
 - Strong permeable outer skin will not tear**
- Ties on each end to hold overlap when using more than one**
- Place around oily machinery to prevent leaks from spreading and causing hazards**
 - Temporary bund around new deliveries**
 - 3 standard sizes**
 - Also available in any length to order**
